

Abdur Rehman

Data Science, Data Analytics & Business Intelligence Professional

📞 0316 5006015 ✉ abdurrehman.x22@gmail.com

PROFESSIONAL SUMMARY

Data Science graduate with a proven track record in data analytics, business intelligence, data engineering and data science. Hands-on corporate experience at Systems Limited, U Microfinance Bank, and Kohinoor Textile Mills, combined with international freelance success delivering C-level Power BI reporting and end-to-end data integrations for global clients across the United States, Portugal, and France.

WORK EXPERIENCE

Corporate Internships

Systems Limited

Islamabad

Data Analytics Intern

Jun 2025 – Aug 2025

- Architected data warehousing solutions using Snowflake, ensuring high-performance data storage and retrieval.
- Engineered backend integrations in Azure, establishing cloud connections to ensure seamless data ingestion.
- Deployed analytical dashboards to visualize key project metrics, bridging the gap between raw data and business insights.

U Microfinance Bank Limited

Islamabad

Business Intelligence Intern

Jul 2024

- Reviewed and analyzed various departmental reports to support informed business decision-making.
- Gained specialized domain knowledge in microfinance banking operations and reporting standards.
- Analyzed large datasets to identify trends and provide actionable insights for strategic decisions.

Kohinoor Textile Mills Limited

Rawalpindi

Data Science Intern

Jul 2023 – Oct 2023

- Implemented Time Series Analysis and forecasting models for BAG PVC production, directly optimizing inventory planning.
- Conducted Statistical Analysis (Spend Analytics) on procurement data to identify cost-saving opportunities and outliers.
- Applied predictive modeling techniques to enhance strategic decision-making within a manufacturing environment.

Global Freelance Experience (Upwork)

Upwork Client

United States

Data Analyst & ETL Specialist

Aug 2024 – Sep 2024

- Automated sales reporting via WooCommerce API to derive real-time customer insights and monitor purchasing behavior.
- Tracked marketing performance by integrating Google Analytics & Ads data for comprehensive KPI monitoring.
- Developed manual extraction workflows to bypass Amazon API limitations, ensuring continuous data availability.
- Optimized data quality using Power Query & DAX transformations to clean raw datasets and remove duplicates.
- Conducted Financial Variance Analysis (Budget vs. Actual) to evaluate 2024 performance trends and operational efficiency.

Upwork Client

Portugal

Educational Data Analyst & Consultant

Jul 2024

- Delivered end-to-end Power BI solutions for school data analysis including dashboard design and deployment.
- Identified trends in student enrollment, academic performance, and resource utilization for administrative planning.
- Conducted one-on-one Power BI training sessions for the client, ensuring self-sufficiency post-project.

Upwork Client

Power BI Dashboard Developer

France

Nov 2023

- Developed a multi-page Power BI report for crypto portfolio management and performance tracking.
- Delivered polished data visualization solutions meeting C-level reporting standards.

EDUCATION

Pak Austria Fachhochschule

BS Data Science

Haripur

2022 – 2026

Army Burn Hall College

Intermediate in Computer Science

Abbottabad

2021 – 2022
